Policy

1.0 General

The following procedures are based on key processes contained in Sections 3.6, 3.7 and 3.8 of the Agreement. Where these procedures are inconsistent with the Agreement, the latter shall prevail.

The Agreement provides for the following:

- 1.1 Academic staff members holding a regular appointment and who have completed at least two years of their probation period are eligible for promotion. Academic Coordinators are not eligible for promotion (Section 3.6.2).
- 1.2 Academic staff members whose probation period has been extended are not eligible to apply for promotion.
- 1.3 Where a decision on tenure review is pending, the President reserves the right to withhold his approval regarding promotion.
- 1.4 An eligible staff member may be recommended for promotion, or may request promotion in writing to the appropriate Executive Officer.
- 1.5 The Promotion Review Committee is comprised of three (3) staff members of a rank at least equivalent to the rank to which promotion is being sought. One Committee member is chosen by the candidate, one by the appropriate Executive Officer and the third by the agreement of the two thus nominated.

2.0 Criteria

- 2.1 The essential criteria for promotion are given in Section 3.7.3. In applying these criteria, the Committee is directed to consider the guidelines in Sections 3.8.1 and 3.7.2. These guidelines establish minimum formal requirements in several areas. Meeting these requirements establishes basic eligibility for promotion; it does not eliminate the need for thorough evaluation of the substance of performance under the criteria in Section 3.7.3.
- 2.2 Section 3.7.3 establishes three general criteria for promotion. Subsection 3.7.3.(a), Academic and Professional Effectiveness, clearly directs the Committee to consider the actual performance of the candidate in the position(s) held. Subsection 3.7.3.(b) Research and Creative Activity, requires in somewhat different ways evidence of professional growth and creativity. Subsection 3.7.3 (c), Service to the University and Society, establishes the need for wider participation in University affairs and in contributions related to one's profession in the community.
- 2.3 It is the fundamental responsibility of the Committee to marshal and consider such evidence, as it requires to judge performance in each of these areas.
