Policy Statements

1. An NCO that wishes to enter into a transfer credit or articulation agreement with AU must undergo the formal review process as described in the [Approval of Non-Collegiate Organization Procedures \(146a\)](#) to determine its eligibility to submit transfer credit and/or articulation agreement proposals.
2. Approval of an NCO's eligibility under this policy does not guarantee acceptance of a transfer credit and/or articulation agreement proposal and only programs that are delivered in the English language will be considered.
3. An NCO that has current transfer credit(s) or articulation agreement(s) in place with an AUCC member will be considered eligible to submit transfer credit and/or articulation agreement proposals without going through the formal eligibility process but may be required to provide AU with some or all of the information that an NCO is required to provide as part of that process.

NCOs may have other forms of agreements in place but only those agreements that provide for the direct transfer of credits from the NCO to the AUCC member institution will be considered under this clause.

4. All transfer credit and/or articulation agreement proposals from an NCO that is deemed eligible to submit proposals shall follow the established principles and guidelines of the Undergraduate and Graduate Transfer Credit policies.
5. On-the-job training and work experience are not eligible for review under this policy.
